## ర్యాలీ చేస్తున్న విద్యార్థులు, అధ్యాపకులు

సాలూరు గ్రామీణం, స్యూనెటుడే: అంతర్జాతీయ యోగా దినోత్సవాన్ని పురస్కరించుకొని సాలూరు ప్రభుత్వ డిగ్రీ కళాశాల విద్యార్థులు గురువారం పట్టణంలో ర్యాలీ నిర్వహించారు. ప్రెస్నిపల్ సురేశ్ కుమార్ ఆధ్వర్యంలో అధ్యాపకులు ఈ ర్యాలీని కొనసాగించారు. యోగ ప్రాముఖ్యతను వివరించే దిశగా విద్యార్థులు నినాదాలు చేశారు. కళాశాల వద్ద ప్రారంభమైన ఈ ర్యాలీ పట్టణంలో నాయుడువీధి, శివాజీబొమ్మ మీదుగా తిరిగి కళాశాలకు చేరుకుంది.

## అవగాహనతో ఎయిడ్స్ నిరుంత్రణ

ర్యాలీ చేస్తున్న జూనియర్ కళాశాల అధ్యాపకులు, విద్యార్థులు

సాలూరు, సూర్యపేట: ఎయిడ్స్ పై ప్రజలకు అవగాహన కల్పించేందుకు శనివారం పట్టణంలో ప్రభుత్వ జూనియర్, డిగ్రీ కళాశాలల విద్యార్థులు ర్యాలీ నిర్వహించారు. పట్టణ జూనియర్ రహదారిలో ర్యాలీ చేస్తూ వాహన యోధులకు కరవత్రాసు అందించారు. అవగాహన కల్పించేలా నినాదాలు చేశారు. కార్యక్రమాల్లో ఆయా కళాశాలల ప్రిన్సిపల్స్ డాక్టర్ వి. సురేష్ బాబు, సహదేవుడు, కె. రాజశేఖర్, అధ్యాపకులు, విద్యార్థులు పాల్గొన్నారు.

# ఎయిడ్స్ అంటు వ్యాధి కాదు

ర్యాలీ నిర్వహిస్తున్న విద్యార్థులు, అధ్యాపకులు

సోలూరు: ఎయిడ్స్ అంటు వ్యాధి కాదని జిల్లా రెడ్ రిబ్బన్ క్లబ్ క్లో-అర్టిస్టేటర్, సోలూరు డిగ్రీ కళాశాల ఛాటిరకాస్తం విభాగాధిపతి చంద్రశేఖర్ రావు అన్నారు. సోలూరు డిగ్రీ కళాశాలలో ప్రెస్సిపాల్ డా.సురేష్ బాబు అధ్యక్షతన రెడ్ రిబ్బన్ క్లబ్, ఎన్ఎస్ఎస్ సంయుక్త ఆధ్వర్యంలో

ప్రపంచ ఎయిడ్స్ నివారణ దినోత్సవాన్ని శని వారం నిర్వహించారు. ఈ సందర్భంగా విద్యార్థులతో కలిసి పట్టణంలో ర్యాలీ నిర్వహించి ఎయిడ్స్ అవగాహన కల్పించారు. కార్యక్రమంలో ఎన్ఎస్ఎస్ షేక్ సత్యనారాయణ, అధ్యాపకులులు పాల్గొన్నారు.

**GOVERNMENT DEGREE & P.G. COLLEGE, Salur**

(Re-Accredited by NAAC with "B" Grade)

(College of Excellence & District Identified Degree College)

Parvathipuram(Manyam) Dist. -535591

## **Field Trips**

### **DEPARTMENT OF ZOOLOGY**

The field visit to the poultry farm, organized by the Department of Zoology, offered 45 3rd CBZ students valuable learning experience in the field of animal husbandry. Through firsthand observations, active participation, and interactions with farm experts, the students gained practical insights into the techniques and management practices involved in poultry farming. This excursion not only expanded their knowledge but also inspired them to consider potential career paths in the agricultural industry, particularly in animal husbandry and poultry farming.

### Field visit to the Vermi Compost Unit (2021-2022 -Batch)

The Department of Zoology organized a visit for 50 students to a vermicompost unit at the Salur Municipality. The main objective of this educational trip was to provide the students with a practical understanding of the vermicomposting process and its significance in waste management and organic farming. By directly observing the process in action, the students were able to enhance their knowledge and gain valuable insights into sustainable waste management practices.

## Visit To the Fish Farm

A field visit to a fish farm was organized for students from the Government Degree College to provide them with a practical understanding of fish farming techniques and operations. This initiative aimed to supplement their theoretical knowledge with real-world experiences, allowing them to witness firsthand the processes involved in fish farming and the importance of sustainable aquaculture practices.

### **Field visit to the Vermi Compost Unit (2022-2023 -Batch)**

The Department of Zoology organized a visit for 25 students (I<sup>st</sup> CBZ) to a vermicompost unit at the Salur Municipality. The main objective of this educational trip was to provide the students with a practical understanding of the vermicomposting process and its significance in waste management and organic farming. By directly observing the process in action, the students were able to enhance their knowledge and gain valuable insights into sustainable waste management practices.

## **Department Of Botany**

### **A field visit was organized to explore and observe the abundance of Medicinal Plants.**

A field visit was organized to explore and observe the abundance of medicinal plants in the vicinity of Salur. The objective of this visit was to provide participants with an opportunity to learn about the diversity of medicinal plants, their therapeutic properties, and their cultural and ecological significance. By observing these plants in their natural habitats, participants gained a deeper understanding of the local biodiversity and the traditional uses of medicinal flora.

**Date 16-12-2017**

## Department of Botany

### Field Visit to Chandra Nursery located in Rambadhrapuram.

The Department of Botany organized a field visit to Chandra Nursery located in Rambadhrapuram. The visit aimed to provide students with practical exposure to nursery management practices, plant propagation techniques, and an opportunity to explore the diverse plant species available at the nursery. By visiting the nursery, students had the chance to enhance their knowledge and gain hands-on experience in the field of botany.

Date: 22/9/2018

The visit aimed to provide students with practical exposure to nursery management practices, plant propagation techniques, and an opportunity to explore the diverse plant species available at the nursery. By visiting the nursery, students had the chance to enhance their knowledge and gain hands-on experience in the field of botany.

Date:18/2/2021

## **Department of Botany**

### **A field visit to observe rare species at Salur Municipal Park.**

The Department of Botany has arranged a captivating hands-on field experience at Salur Municipal Park, with the primary objective of accomplishing multiple goals, centered mainly around observing rare species and promoting environmental awareness.

Date:4/1/2022

## Field visit by the Department of Botany

Field visit by the department of botany to foster practical awareness regarding tree taxonomy and its relevance in establishing nomenclature. This enlightening excursion aims to expand participants' knowledge and understanding of the intricate classification system of trees while emphasizing the importance of accurate and consistent naming conventions.

Date:3/3/2023

## Bachelor Of Arts Field Trip.

The Department of History, Economics, and Political Science organized a field visit to the Salur region with the aim of providing students with practical insights into the functioning of various government and non-governmental organizations. The visit aimed to foster an understanding of how theoretical knowledge intersects with practical implementation in different spheres. During the visit, the students had the opportunity to explore the following bodies:

### Market Yard.

Market Yard: The visit to the market yard provided students with insights into the agricultural economy of the region. They witnessed the trading of agricultural produce, interactions between farmers and traders, and the functioning of market committees. This experience enabled students to connect economic theories of supply and demand with the practical aspects of agricultural markets and understand the role of government regulations in facilitating fair trade.

### **Town Police Station.**

Town Police Station: At the town police station, students had the opportunity to observe the operations and functions of the local law enforcement agency. They learned about the challenges faced by the police in maintaining law and order, ensuring public safety, and managing criminal investigations. The visit allowed the students to analyze the intersection of politics, governance, and the role of law enforcement in society.

### **Philadelphia Community Hospital.**

Philadelphia Community Hospital: The students had the opportunity to visit the hospital and witness firsthand how healthcare services are provided to the community. They observed the interaction between medical professionals and patients, learned about the challenges faced in delivering healthcare in rural areas, and analyzed the role of various policies in improving healthcare infrastructure.

## Government Girls High School, Salur.

Government Girls High School, Salur: The field visit also included a visit to the Government Girls High School in Salur. Students had the opportunity to observe the educational environment, interact with teachers and students, and learn about the challenges and initiatives in providing quality education to girls in rural areas. This visit facilitated an examination of the intersection between educational policies, socio-economic factors, and the empowerment of women through education.

## Municipal Office, Salur.

Municipal Office, Salur: The students visited the Municipal Office in Salur to gain insights into local governance and administration. They observed the functions of the municipal authorities, the decision-making processes, and the implementation of public services. This visit allowed students to analyze the role of political institutions, public policies, and community participation in municipal governance.

### Rotary Club.

Rotary Club: As part of the field visit, students had the opportunity to interact with the Rotary Club, a prominent non-governmental organization. They learned about the club's community development initiatives, social welfare projects, and collaborative efforts with the government. This engagement highlighted the importance of civil society organizations in complementing government efforts and addressing socio-economic issues.

## Sub Registration Office.

Sub Registration Office: Students visited the Registration Office to understand the processes related to property registration, documentation, and legal formalities. They learned about the role of the government in maintaining property records, ensuring transparency in transactions, and protecting the rights of individuals. This visit shed light on the interface between legal frameworks, economic transactions, and political institutions.

## Sub Treasury Office.

Sub Treasury Office: The field visit also included a trip to the Sub Treasury Office, where students learned about fiscal administration and financial management at the local level. They explored the processes related to revenue collection, budget allocation, and expenditure management. This visit provided practical insights into the relationship between economic policies, governance, and financial decision-making.

### **Rural Police Station.**

Rural Police Station: Students visited the rural police station to gain a broader perspective on law enforcement in rural areas. They explored the unique challenges faced by rural police, such as addressing agrarian issues, maintaining social harmony, and resolving disputes. This visit allowed students to examine the intersection of political factors, socio-economic dynamics, and the role of the police in rural communities.

### **Mandal Revenue Office (MRO Office).**

Mandal Revenue Office (MRO Office): The students visited the MRO Office to understand the administrative functioning of the local government at the Mandal level. They learned about the roles and responsibilities of revenue officers, land records management, taxation processes, and the execution of government welfare schemes. This visit provided valuable insights into the coordination between economic policies, political decision-making, and administrative efficiency.

## Division Court.

Division Court: The visit to the Division Court provided students with insights into the judicial system at the local level. They observed court proceedings, learned about the roles of judges and lawyers, and gained an understanding of the challenges faced by the judiciary in delivering justice. This visit allowed students to explore the connection between political institutions, legal frameworks, and the administration of justice.

## **Industrial Visit by the Department of Chemistry. Patil Rail Infrastructure Pvt. Ltd, Growth Centre of Bobbili**

The Department of Chemistry organized an industrial visit to Patil Rail Infrastructure Pvt. Ltd, located in the Growth Centre of Bobbili. The primary objective of this visit was to provide practical exposure to students regarding the utilization of iron ore in the manufacturing of various rail components. Additionally, the students had the opportunity to observe the operations of the Quality Control and Quality Analysis units within the industry.

During the visit, students were able to witness firsthand how iron ore is transformed into different parts used in rail manufacturing. They gained valuable insights into the processes involved, including extraction, purification, and fabrication techniques. This hands-on experience allowed them to understand the crucial role of chemistry in the production of rail components and its impact on the overall quality of the final product.

Furthermore, the students had the privilege of exploring the company's commitment to sustainable practices. Patil Rail Infrastructure Pvt. Ltd. had installed a one-megawatt solar power plant to meet a significant portion of its power consumption needs. This initiative, recognized and acknowledged by the government, positioned the company as an environmentally friendly enterprise. During the visit, students had the opportunity to visit the solar plant, learning about the innovative use of solar energy and its positive impact on reducing carbon emissions.

## Department of Commerce.

### Field visit to Create Awareness among the Rural customers about deposit and withdrawal by the Department of Commerce.

Date: 13-07-2022,

Banks are such places where people can deposit their savings with the assurance that they will be able to withdraw money from the deposits whenever required. However, it can be challenging for customers living in rural areas to fill out the deposit and withdrawal forms on their own. The vast majority of the time, they are required to seek assistance from either other customers or bank workers. This may result in other customers having trouble or inconvenience. Because of this, we made regular trips to the financial institutions that were close by in order to educate and assist individuals who were unable to properly complete the deposit and withdrawal forms. As a result, we were able to raise awareness among the customers who lived in rural areas and contribute to the movement towards financial inclusion.

# GOVERNMENT DEGREE COLLEGE SALUR

VIZIANAGARAM DISTRICT  
ANDHRA PRADESH

# PRINCIPAL MESSAGE

Government Degree College, Salur, vizianagaram District conducted various awareness programs during the academic year 2018-19 on SWACHHATA.
