

From
The principal,
Government Degree College,
Salur,
Paravathipuram Manyam District.

To
The Executive Engineer,
APEWIDC,
Vizianagaram District,

Respected Sir,

Sub: GDC-Salur- Nadu-Nedu DPR -2020 – revised estimates for the following
Components – Reg.

Ref: Video Conference with Joint Director, CCE, Vijayawada, A.P. On 05.06.2022

As per the reference cited, the office of CCE is instructed to submit the revised estimations for nine (9) components instead of 13 components in the earlier Nadu-Nedu DPR-2020. As they are also instructed to prepare revised estimation for the dire components of the college.

The following Three components are most dire for this college. Hence, I request to prepare revised estimates for the following components.

1. Toilet blocks with Running Water
2. Drinking Water (R.O.) Water with necessary pipelines and Motor.
3. Compound Wall

We already submitted DPR for Nadu-Nedu 2020. For your reference I am attached here with the earlier estimations.

Thank You sir

Enclosures:

Proforma for submission of information on NAADU-NEDU proposal

1. College details and Address: Government Degree College-Salur-
Parvathipuram Manyam District
2. Name of the Principal: Dr.T.Radha Krishna
3. Mobile No:9440315794
4. College mail ID:salur.jkc@gmail.com
5. Name and Mobile No.of of NAADU-NEDU coordinator: G.Srinivasa Rao,94943 31207
6. Details about Programmes offering and student strength:

S.No	Name of the Programme	Student Strength				Student strength		
		I Yr	II yr	III yr	Total	Men	Women	Total
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)
1	B.A.(H.E.P.)	60	54	73	187	111	76	187
2	B.Com.(General)	20	37	67	124	65	59	124
3	B.Com.(Computer Applications)	14	11	—	25	13	12	25
4	B.Sc.(MPC)	58	61	81	200	129	71	200
5	B.Sc.(MPCs)	56	26	50	132	59	73	132
6	B.Sc.(CBZ)	53	48	49	150	32	118	150
7	B.Sc.(MSCs)	8	7	---	15	5	10	15
8	B.Sc.(C.B.Aqua)	6	16	---	22	7	15	22
9	M.Sc.(Organic Chemistry)	20	25	---	45	33	12	45

7. Action Plan for Institutional Development for next 5 years:

To increase the students Enrolment ratio and reduce the Dropout ratio and provide the higher education opportunities to students up to P.G. level in their location. College was also offering Market oriented courses and will add more in nearby future to increase employability opportunities to students and at the same time enhance the skills of women and downtrodden sections of the society through Jawahar Knowledge Centres (JKC).

8. SWOC Analysis of the College:

Strengths:

The total students strength of this college was 900 (including P.G. students) and number of students are increasing year after year.

The college has 9.92 acres of land including playground

Faculty with P.G. and Ph.D and NET/SET qualification and vast experience in Teaching field

Students are enthusiastic and eager to learn new things.

Recently, Government has sanctioned Girls Hostel and Digital Class room.

College equipped with Library, Gym and Sports equipment, Jawahar Knowledge Centre (JKC), Virtual and Digital Classrooms.

Weakness:

Lack of compound wall causing damage to college Infrastructure and causing concern for safety and security of Girl students.

Regular Teaching Staff Posts including Librarian and Physical Director are Vacant.

Existing Toilet block need renovation and need additional Toilet blocks for students

Present R.O. Plant with 500 litres Capacity was insufficient and need new one.

Opportunities:

College has additional land for further expansion

JKC and APSSDC centre for Skill enhancement

English language lab for improving Communication and soft skills.

Computer Lab with 60 systems and high speed Internet.

Challenges:

Reduce Dropout ratio

Provide Digital Education to students

NAAC Accreditation

Increase Placement Ratio

9. Details of the NAADU-NEDU works proposed under 9 components: (enclose estimations given by APEWIDC)

S.No	Name of the Component	Justification for each component
1	Toilet blocks with Running Water	
2	Electrification	
3	Drinking water supply	
4	Furniture	
5	Major & Minor Works	
6	Painting	
7	Smart Boards	
8	English Language Lab and Digital Library	
9	Compound Wall	

10. Whether enclosed estimations given by APEWIDC :

11. Any other information:

Signature of the Principal

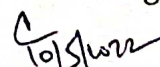

Note: Principal should examine each component and come to a conclusion whether it is required to be considered; on the basis of the recommendations of the Principal, Engineers of APEWIDC shall prepare estimations for the components requested

PREFACE

On behalf of Government Degree College, Salur, Vizianagaram (Dist) I humbly submit the proposal for financial support under NAADU NEDU 2020 As part of the submission of proposal DPR myself have prepared the project with care and concern for the development of the institution keeping the present and the future demands of the students as main stake holders.

I humbly solicit for the attention of sanctioning authorities towards sanction of financial assistance and support under NAADU NEDU to this college.

**Dr.T.Radha Krishna,
PRINCIPAL,
GOVT.DEGREE COLLEGE,
SALUR,
VIZIANAGARAM (DIST).**

BRIEF INTRODUCTION ABOUT THE GOVT. DEGREE COLLEGE, SALUR**1. Introduction :****Brief history of establishment :**

The Salur town is on the bank of river Vegavathi. Historically it was ruled by Tribal Kingdoms as it comprised a large Tribal belt. It is a boarder province of the state of Odisha. The National High way No. 43 connects the states of Odisha and Chattisgharh to Visakhapatnam. The lorry transportation and agriculture is a prime occupation of the most of the people. It is next to Vijayawada in lorry transportation. Salur is a rural area and the Government Degree College started for the tribal belt in the year 1982 with Arts and Commerce groups with the help of local Lions Club under the chairmanship of Dr. Tangaraju. Later B.Sc. Science sections were started in the year 1997 for the development of rural sections and poorer sections of communities.

Details of Affiliation:

The Govt. Degree College was affiliated by Andhra University, Visakhapatnam since its inception in 1982 and got 2f 12b status from university grants commission, NewDelhi.

Progress of institution since establishment:

The Government Degree College, Salur, was started in a temporary building beside the river Vegavathi in the year 1982 and later on it was shifted into a new donated building. In the year 2003-04 Another block was constructed with the Government funds worth of Rs.15 Lakhs in the year 2003-04 and constructed additional class with govt. budget amount of Rs. 15 Lakhs in the year 2006-07 then the science courses were started. The Science labs were constructed with Rs.12 Lakhs sanctioned by the Government in the year 2012-13. There are approximately, 9000 books in the College Library relating to Arts, Commerce and Science subjects. Special books like Encyclopedias are available in the College Library. Reference sections are useful to the Lecturers. The reading room was also arranged in the Library itself. SOUL Programme was installed and efforts are being made to install INFLIBNET.

The College has two NSS Units organization multidimensional community oriented programmes like Aids-Awareness, Pulse-Polio, Clean and Green, Blood Donation Programmes, Tree Plantation, Health and Hygiene etc. Support services like Consumer Club, Red-Ribbon Club, Eco-Club, Heritage Club and Women Empowerment Cell etc., promote the inherent talents and build all round personality of the students.

A Jawahar Knowledge Centre (JKC) and English Language Lab was established to provide good communication skills and technical training in I.C.T. and competitive skills. The college is marching ahead keeping felt needs of the student community and taking the help of the local philanthropists, academicians, alumni and ably supported by the people representatives, Commissionerate of Collegiate Education, A.P., Hyderabad, UGC and Government of Andhra Pradesh. In the coming year, it is proposed to widen its spectrum of activities towards Centre of Excellence.

Current Status: Government Degree College is obtained "B" Grade with 2.30 CGPA Points by the NAAC under second cycle in the month of Feb 2016.

2. VISION AND MISSION

Institutional Vision

“To produce educated, intellectually-enlightened, scientifically-advanced, technologically-equipped and functionally-disciplined citizens capable of carrying out the most vital, practical and intellectual tasks of the society with courage, confidence, self- reliance and self-actualization ”
To develop rural students by giving high quality education.

Institutional Mission

“To produce an academic pool of patriotic, secular, knowledgeable, competent, skilled, technical and resourceful women graduates and postgraduates in Science, Commerce, Business and Humanities streams by inculcating in them the qualities of self-learning, self-reliance, self-dependence with a view to empower them with all virtues and enlist their participation in national development”

7. Executive Summary

Government College Salur, was established in 1982, with the sole aim of Rural empowerment in different facets of national development. Within two decades it emerged as one of the premier institutions of Rural Students education in the state of Andhra Pradesh. From a simple undergraduate institution, it rose to the level of postgraduate College. The college is marching ahead with its mission, vision and defined goals and objectives.

• Institutional Vision

“To produce educated, intellectually-enlightened, scientifically-advanced, technologically-equipped and functionally-disciplined citizens capable of carrying out the most vital, practical and intellectual tasks of the society with courage, confidence, self-reliance and self-actualization”.

To develop rural students by giving high quality education.

• Institutional Mission

“To produce an academic pool of patriotic, secular, knowledgeable, competent, skilled, technical and resourceful women graduates and postgraduates in Science, Commerce, Business and Humanities streams by inculcating in them the qualities of self-learning, self-reliance, self-dependence with a view to empower them with all virtues and enlist their participation in national development”

• Institutional Objectives

- 1) To ensure women empowerment through higher education.
- 2) To offer socially relevant and academically vibrant programmes in Science, Arts and Commerce streams.
- 3) To provide computer-based training for all women students with a view to develop in them the market-expected soft skills.
- 4) To extend employment opportunities to the disadvantaged sections of the society by offering socially relevant, job-oriented and skill-oriented academic programmes.
- 5) To inculcate in students the sense of social responsibility through value-based education.
- 6) To foster scientific temper in students by designing appropriate study projects and research programmes.

Reaching the expected goal is not an easy thing. It needs committed people, adequate funds and all the more the self-less service. While the college is able to mobilize adequate human resources, it is not able to do so in respect of financial ones. The lack of funds remains a permanent obstacle in its mission. In order to establish an equitable society based on social and economic justice and to discharge its social responsibility more effectively, this women's empowered college requires more grants for infrastructure development, learning resources and student support services. We look forward for liberal grants to this premier institute of women education.

8. SWOT ANALYSIS

Methodology

The SWOT analysis of the institution was carried out by two methods; namely, the action research and survey method.

1. **Action Research:** This method is based on the critical analysis and evaluation of existing data on infrastructural, teaching, learning and research facilities in the college. It was carried out by the teachers of all departments through participation and collaboration in the staff council and departmental meetings.
2. **Survey Method:** In this method, feedback was obtained from students, teachers and parents through written questionnaires and by interview method. The data so collected was systematically analyzed and interpreted and meaningful conclusions were drawn.

The following strengths, weaknesses, opportunities and threats were identified.

Strengths

1. Higher educational opportunity for weaker sections
2. Large extent of play ground.
3. Need-based restructured courses at UG level (B.Sc Computers)
4. Training and placement services through Jawahar Knowledge Centre, Career & Counseling Cell and Women Empowerment Cell.
5. All Class rooms are equipped with e-class rooms.
6. GDC Salur is Identified Degree College in Vizianagaram District.

Weaknesses

1. Limited number of classrooms, labs and staff rooms.
2. Lack of independent JKC lab and training centre.
3. Inadequate infrastructure facilities.
4. Incomplete Compound wall.
5. Library is not having sufficient space.
6. No Auditorium in the college.

Opportunities

1. Availability of RUSA funds.
2. Excellent public support for college development.
3. Fee re-imbursement facility by the Government of Andhra Pradesh.
4. Adequate Land available for new constructions.

Threats

1. Improving the pass percentage of average rural students.
2. Minimizing the dropout rate.
3. Providing employment opportunities to the disadvantaged sections.
4. Imparting communication and soft skills for the first generation students.

9. STRATEGY PLAN – PROPOSED ACTIVITIES

Based on SWOT analysis “strategic plan” developed for institutional development.

Based on weaknesses and threats of SWOT analysis priorities for college development as detailed below.

- Fulfilling accommodation needs in terms of additional classrooms, laboratories, administrative and academic blocks.
- Protecting the existing structures by initiating appropriate maintenance and renovation work.
- Protecting the existing structures by completion of partially constructed compound wall.
- Providing adequate teaching-learning resources and creating SMART classrooms with Virtual and Digital Class rooms.
- Strengthening JKC and English Language Laboratories with a view to improve communication and soft skills of weaker sections.
- Providing remedial coaching for backlog students for improving their pass percentage.
- Arranging need-based training programmes for staff and students.
- Undertaking campus development and maintenance works.
- Improving sanitation facilities by construction toilets.
- Upgradation of Management Information System through e-office.

Key activities proposed in the Institutional Development Proposal are linked with the results of SWOT Analysis.

The purpose of SWOT analysis is to identify our strengths and weaknesses. The institutional developmental plans aimed at eliminating the weaknesses and reinforcing the strengths as shown below.

- ❑ The proposed building works (classrooms, laboratories, administrative and academic blocks) eliminate the weaknesses 1 and 2 cited.
- ❑ Appointment of staff and creation of adequate learning facilities help in eliminating the weaknesses 3.
- ❑ Launching of skill-oriented programmes will not only improve the communication and soft skills of students, but also enhance their employment potential and minimizes the dropout rate.

SPECIFIC OBJECTIVES AND EXPECTED RESULTS

Objective	Expected result
i. To provide adequate accommodation facilities for students, teachers and administrators	Improves quality based education in the college.
ii. To strengthen the teaching-learning base with accessible and appropriate resources	Improved performance of students in examinations, teachers in teaching and administrators in providing adequate student support services.
iii. To design and offer appropriate staff training programmes	Eliminates performance problems of teachers and non-academics.
iv. To undertake campus improvement and renovation measures.	Protects the existing structures and gives a beautiful look to the campus.
v. To strengthen and integrate the activities of JKC, Career Guidance Cell and Women Empowerment Cell	Improves soft and communication skills among students, apart from enhancing the gross enrolment ratio and employable skills.
vi. To seek autonomy or model college status for the institution.	Ensures teachers participation in curriculum planning, development and evaluation and extends best educational opportunities for students in the region.
vii. To ensure accountability in teaching and administration.	Motivates teachers and administrators to their works.

2.4 ACTION PLAN

Item	Action plan
a) Improving employability of graduates	<ul style="list-style-type: none"> ➤ Strengthening Career Guidance Cell and Women Empowerment Cell. ➤ Imparting soft and communication skills through JKC training programmes. ➤ Arranging industrial training programmes for equipping students for facing campus selection tests. ➤ Inviting industry and MNCs for organizing their campus placement drives in the college premises. ➤ Sponsoring students for campus placement drives organized at other colleges in the region.
b) Increased learning outcomes of the students	<ul style="list-style-type: none"> ➤ Designing and adopting appropriate teaching and learning strategies. ➤ Identifying slow learners and providing remedial coaching. ➤ Providing orientation programmes for teachers in teaching-learning strategies. ➤ Adopting student-learning approaches in place of teacher-centered approaches. ➤ Encouraging the ICT-based instruction. ➤ Encouraging self-learning and peer learning among students.
c) Implementation of academic and non-academic reforms	<p><u>Administrative Reforms</u></p> <ul style="list-style-type: none"> ❖ Introduction of semester system at UG level with choice-based credit system, w. e. f. 2015-16. ❖ Institutional participation in the curriculum development at institutional level for all skill-based certificate and diploma programmes and up gradation of curriculum at UG and PG levels. <p><u>Examination Reforms</u></p> <ul style="list-style-type: none"> ❖ Adopting a combination of external and internal evaluation systems at the end of the semester, giving due importance to classroom instruction, field work, laboratory work and / or workshop practice.. ❖ Giving 80% weightage for external evaluation to be carried out by teachers of other institutions.
d) Improving interaction with industry.	<ul style="list-style-type: none"> ➤ Activating JKC and Career Guidance Cell of the college to liaise with local industries and corporate sectors. ➤ Assigning industry-related projects to students. ➤ Involving people from the industry in curriculum development and decision making.
e) Enhancement of research and consultancy activities	<ul style="list-style-type: none"> ➤ Encouraging staff to undertake MRPs funded by UGC, DST, ICMR, CSIR etc. ➤ Sponsoring staff for Ph. D programmes under FIP. ➤ Assigning research-based study projects to students. ➤ Inviting outside experts and academicians for collaboration and consultation. ➤ Encouraging staff to attend seminars / conferences / workshops and to take-up textbook writing works.
